We found a furrier with a lot of this fur on hand, which he had acquired at a low price, but he did not have any orders. So that he might keep his organization together, he offered to make up for us just two thousand four hundred sets at a price that makes this special Holiday Gift offering possible. Gift Umbrellas at a \$1.25
Remarkably Low Price

UMBRELLAS at a price that is possible only because of the forehanded arrangements made when the opportunity for saving was best. Months ago one of the largest handle manufacturers in this country came to us with a surplus stock of umbrella handles and urged us to take the entire lot. Having in mind our gift umbrellas for our Holiday Book, we made him a proposition to take them all, and the handles came to us at half the usual cost.

Fortified with the handles, we went to a reputable umbrella manufacturer who makes thousands of umbrellas for us each year, and asked him to make these Gift Umbrellas for us at odd times when he was not busy and could afford to make them at a very low price.

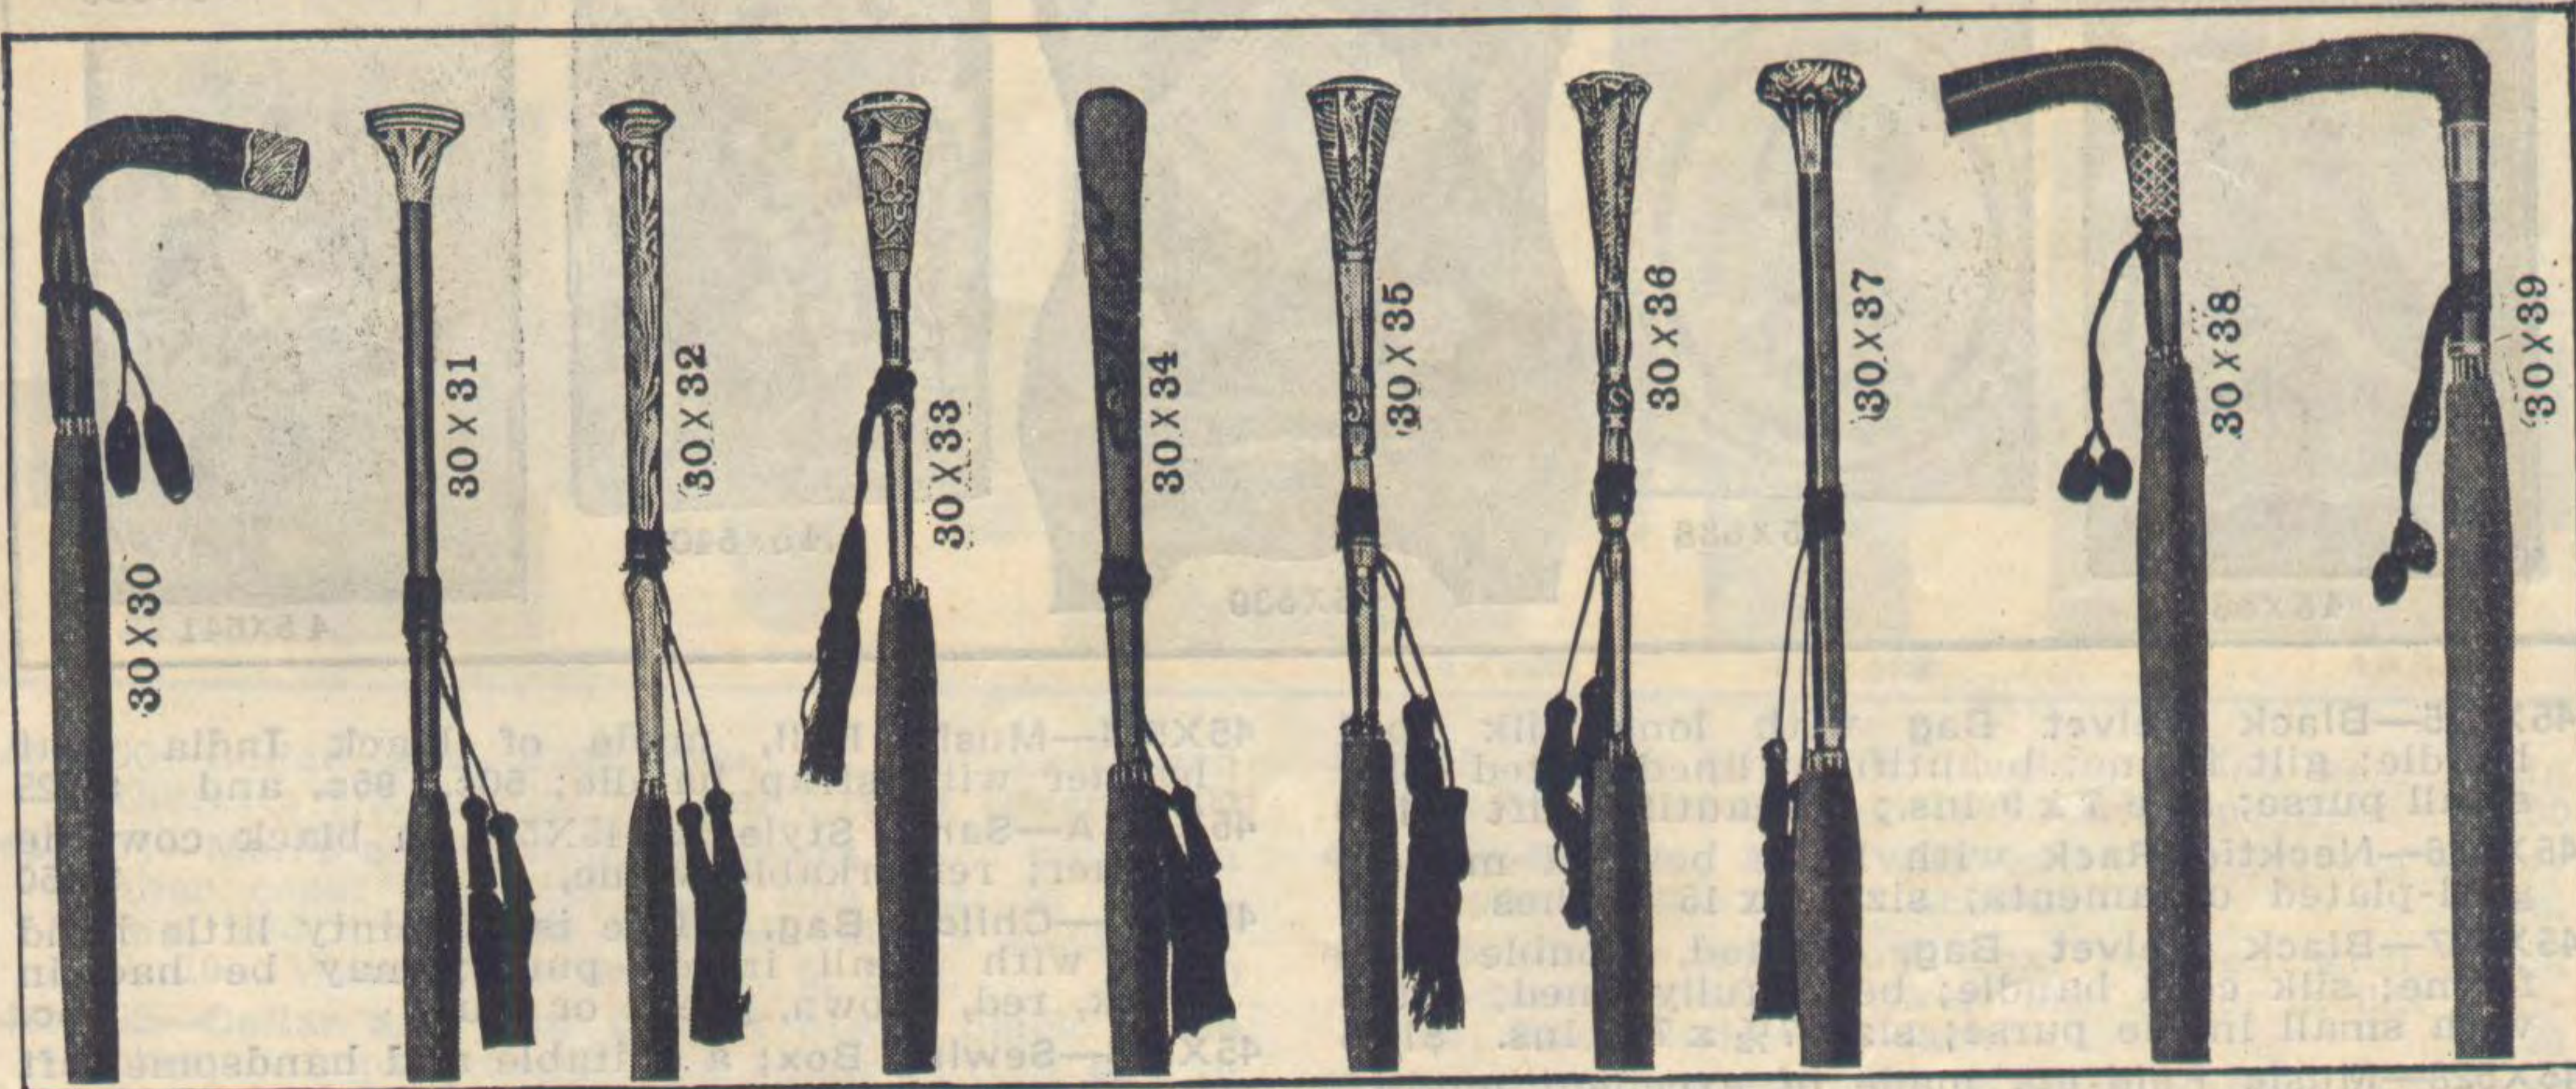

As an expression of his appreciation for the large umbrella business we give him, he put the price right down to the lowest possible point.

Inasmuch as we secured the handles at a very low cost and saved on the making, we are able to offer these handsome Gift Umbrellas at this price, and the only favor that we are going to ask of you is to order early, before the great Holiday rush is on.
